

Grace Kid's Letter of Recommendation

We want to know the people that work with our children. It just makes sense to make sure that the people that take care of our children are a known part of our community. We want to know who they are because they are influencing our children.

** Exceptions of attending a gospel community group, each week, would be someone whose job, or life situation doesn't allow physical time to meet in a group each week. However, they are known in your gospel community and there is an intentional relationship between them and you, their gospel community leader(s).

I / We _____ as leader(s) of the

_____ gospel community

recognize and recommend _____

to volunteer in Grace Kid's, as someone who is:

- Accountable in Gospel Community
- Willing to be shepherded in Gospel Community
- Consistent in gathering with the Gospel Community

Signature of GC Leader(s)
